

# > LIGHT RAIL TRADE SHOW

THURSDAY, FEBRUARY 9, 2012 | CE CENTRE | 4899 UPLANDS DRIVE

## Trade show to connect Ottawa businesses with light rail transit consortia companies

The procurement process for the City of Ottawa's \$2.1-billion Ottawa Light Rail Transit (OLRT) is underway. In an effort to encourage local business participation and employment opportunities, the City of Ottawa, in partnership with the Ottawa Chamber of Commerce and the Ottawa Business Journal, is hosting a local trade show.

Ottawa businesses, labour associations, trade schools, colleges and universities are invited to participate in the trade show. This will give them a meaningful opportunity to interact and engage with the three selected consortia competing for the OLRT contract. The three consortia are made up of world-class firms with extensive expertise in transit infrastructure projects.

In addition to exhibiting, consider participating in the full day, including meals, presentations and networking.

Presented by

### ITINERARY

#### Wed., Feb 8

17:00 - 20:00
